

PAC-MK-BC

Branch Box

The PAC-MK-BC allows the connection of M Series and Mr Slim indoor unit models to the City Multi PUMY-P112,125 and 140(V)YKM models, enabling them to be utilised as Multi-splits. Combining this configuration alongside City Multi indoor units on the same system, offers a completely flexible, efficient and effective Multi-Split system.

Key Features

- Compatible with M Series and Mr Slim indoor units
- Compact size and flexible connection
- Combine splits and VRF system in one PUMY-P system
