Difference

PAR-U02MEDA

Remote Controller

The PAR-U02MEDA remote controller is compatible with our split systems and City Multi VRF systems. It is easy to use and is ideal for any application.

The remote controller uses a 4 inch backlit touch screen with a built in occupancy sensor and 7 day time clock. It also includes the following features:

Key Features

- Vacancy energy save control using occupancy sensor
- LED operation status indicator
- Night set back function
- Auto off timer
- Ideal for meeting room control
- Can be connected anywhere on MNET
- Dual setpoint function
