Heat Pump

R410A Classic Wall Mounted System

Mitsubishi Electric's new range of high specification, flat panel wall mounted models make use of traditional fixed speed technology, whilst providing extremely good value for money, costing approximately 30% less than the inverter equivalent. These units have extremely quiet sound levels, whilst also delivering economical air conditioning, with improved COP/EER figures. Ideal for use in any size room, this unit comes equipped with an automatic swing vane, allowing airflow to be extended to every corner of a room.

- **Air Cleaning Filter is optional**
